The Mixed Zone manager will coordinate and manage the interviews. Athletes are encouraged to speak to the press when required. World Rowing Productions will also be present to make video and news clips to promote the athletes and the sport. The OC encourage and fully supports athletes and other accredited persons to engage in social media. There will be a selfie wall in the Spectator Area Fan Zone. Sharing experiences at the ERCH and EOPQR in Szeged will be highly appreciated. It is important to note that Athletes and team staff do not have the right to publish any video footage filmed in competition areas. All social media activities should be in a first-person, diary-type format and not in the role of a journalist. If the team staff want to film and publish non-live/delayed video material (that does not contain competition footage) from the Mixed Zone, they require prior approval from World Rowing as a Non-Rights-Holder. European Rowing will use the hashtags #ERCH #ERCHSzeged
